

THE UNIVERSITY CENTRE FOR FRENCH STUDIES OF THE  
UNIVERSITY OF PERPIGNAN VIA DOMITIA

## PERPIGNAN

Perpignan is a 120'000-inhabitant city situated in the South of France.

Nestled between the snowy Pyrenees and the Mediterranean Sea, Perpignan stands in the middle of the triangle Toulouse-Barcelona-Montpellier, one of the most touristic regions of Europe.

Its sunny weather, our cultural heritage, the famous places such as *the Cité de Carcassonne*, the *Canal du Midi* and scenic towns like *Collioure* make Perpignan a perfect destination to combine studies and leisure.

## UNIVERSITÉ DE PERPIGNAN VIA DOMITIA

Like any other French University, the tuition fees of the UPVD are amongst the cheapest ones in the world. As you may know, French government bears the expenses of more than 95% of the total cost of studies even for international students.

That means that international students only pay

- 189,10€ for a year of Licence
- 261,10€ for a year of Master
- 396,10€ for a year of doctorate.

Cheap doesn't mean bad quality! A university year in France costs an average of 11'400€ per student.

The University of Perpignan Via Domita is a modestly sized, multidisciplinary and dynamic campus. Involved in projects at local level, its influence also extends towards southern Catalonia and the rest of the world.

Every year, some 9500 students follow courses in a broad range of areas including literature, languages, human and social sciences, law, economics, management, exact sciences, sport and tourism.

The Catalan "Perpignan-Font Romeu" site has obtained both a Labex and an Equipex project, establishing it as a major international centre in solar power research.

The UPVD has developed expertise in a number of key areas at its various satellite campuses: sport in Font Romeu, tourism in Mende, urban planning law in Narbonne and Marketing techniques in Carcassonne.

## CENTRE UNIVERSITAIRE D'ÉTUDES FRANÇAISES

Our centre was created almost 30 years ago in order to allow international students to integrate our university. Since then, it has developed into a fully-fledged French Language centre, providing courses for all type of audience.

Quality, expertise, commitment ... Have a look at the logos at the bottom of the page, they will tell you more than a long boring paragraph.

### EXTRA-CURRICULAR ACTIVITIES,

Because we are University, our students can enjoy the sport and cultural facilities of our Campus for free.

Moreover, in order to give them the best experience, we also organize excursions to our students, but most of them prefer going to the beach, that's why we provide a bus shuttle every summer.

### ACCOMMODATION AND TRANSFER

University residences, Host families, Hotels ... we offer all kind of accommodations.

For our Junior courses, we take the transfer in charge and our Junior students are supervised 24/7 by a team of qualified and certified instructors.
